Entering of Prime Sheep for weekly Thursday Sales

Can all vendors of Prime Lambs and Cast Ewes ensure that they are entered before 6pm on Wednesday prior to the Thursday Sale. We as auctioneers do the best of our ability in speaking with butchers, meat wholesalers and abattoirs in order to make sure that there are enough buyers present and orders placed to cover the expected presented Thursday numbers. Over the last month we have incurred an extra 600-800 primes lambs on a Thursday over what have been booked in. This put expected pressure upon the sale and ultimately the price you receive.

Auctioneers and Field staff do their best in making calls to guide vendors of the expected trade and to explain the current market conditions. Again, Help us to Help you.

Market Report – Monday 12th February 2018

Darlington Farmers Auction Mart held a Special Sale of In Lamb sheep in conjunction with their weekly sale of Cast Cattle, Store & Breeding Stock on Monday 12th February 2018. Forward were 383 Cattle and 987 Sheep.

Store & Breeding Sheep - With the hogg trade accelerating through the early part of 2018 there is perhaps little wonder that our annual offering of in lamb ewes were easy to sell, top prices were largely achieved by the Stones Family, Nun Cote Nook Farm, Marrick as they sold pure Texel in lamb shearlings from £200-£260, the jewel however in the Stones family crown proved to be a wonderful empty Texel Ewe hogg which attracted much attention, the stylish sort sold for a centre record for a female of £380. Some tremendous fully warranted Mule ewes from the genuine dispersal sale of Messrs J Hart, Five Mile Bank Farm sold very well on the day peaking at £155 for 2 crop ewes scanned at 200%. The store hogg trade shows no signs of letting up, a single strong lamb from S J Love, Low Doctor Pasture, Wolsingham topped the sale at £108 with plenty selling beyond £90 on the day.

Cattle

Read Monday's report the cow trade has gone off the clock, no better time to **PART COMPANY** with the old faithful's if you have them, sell them. Prime Bulls continue in fine form with plenty of life for all classes, the big bulls are no problem, neither are those over 16 months of age, the deadweight's a dead loss, sell live and thrive. More energy last Thursday also from the clean beef buyers with a better trade from start to finish, best heifers a flyer.

Sheep

What a week, a mind boggling trade for hogs last Thursday followed by an incredible store sheep trade and a **NEW CENTRE RECORD** for a breeding female on Monday! So the sheep trade looks fantastic and whilst the pessimist in me thinks it will not last some experts disagree... The supermarkets have been backed into a little corner and promised us they will stock more British meat, the sheep trade then will stay healthy until either the price moves our consumers on to beef, chicken and pork or the Supermarkets bail out on us and re-stock their fridges with foreign lamb.

And finally..... With my Vegan friends still filling the worlds media with their one sided views I have started to become a little obsessed with my one sided views, it's just that I see the other side. So it is well known that pesticides are killing our Bee's and without the Bee's the worlds plants would not be pollinated and eventually we would all sadly come to a hungry end; over 16% of pesticides in the world are used to grow cotton, surely these Vegan's should add Cotton to Leather and Suede in their banned clothing list!
